What is Women in the Outdoors?

Learning outdoor skills, meeting new people, and spending time with friends and family are what the Women in the Outdoors program is all about. At Women in the Outdoors events, women ages 14 and older build skills to help them better enjoy the outdoors and learn the importance of wildlife management and conservation. Women are discovering that hobbies such as camping, hiking, fishing, kayaking, hunting, shooting, boating, and birdwatching are fun ways to reconnect with the special people in their lives. At this daylong event, women receive expert instruction and a chance to try a variety of outdoor activities. Women in the Outdoors is now 40,000+ members strong and is supported by the National Wild Turkey Federation.
